

STA-RITE® HS+ SERIES

3-Wire 1/2-1HP 4" Submersible

UP TO 40%
HIGHER
PERFORMANCE

What's the PLUS?

- Extra stages in the pump that improve performance...up to 40% higher.
- Higher efficiency and durability from the Pentek® 4" XE Series 3-wire motor and controls.
- SubPAK...pump, motor & SMC-CR control box in one carton.
- Factory assembled and tested pump & motor assemblies that provide full CSA CUS safety certifications.

What's the SAME?

- Patented SignaSeal staging system.
- Premium grade stainless steel components.
- Self-lubricating Nylatron discharge bearing.
- Meets all certifications. CSA classified to ANSI/NSF Standard 61, drinking water systems components.

POWERED BY THE PENTEK XE SERIES

TESTED – Factory pressure/run tested and proven in rigorous field testing.

TOUGH – 304L stainless steel end bells and shell are designed for maximum corrosion-resistance, even in the most aggressive water environments; oversized Kingsbury bearings, rated at 700 lbs., allow higher thrust loads and promote longer motor life; professional grade Class F insulation ensures longer life.

TECHNOLOGY – 3-wire motors when operated with a PENTEK SMC-CR control box provides up to 40% more pump performance, at the same or lower operating amps.

Registered Pro Dealers receive a 5-year product warranty.
See the Protector Plus extended warranty program for details.
